BEFORE

AFTER

- Eliminated 11 pedestrian obstructions (trees growing into sidewalks) on McDonald, west of Hayden and Hayden at Latham.
- Removed 33 shopping carts from various areas south of Indian Bend
- Constructed a barrier (i.e. signs, chains) to prevent people from entering the Bill Heard overflow parking lot

- Reported to 3 calls to remove debris in the road. Scottsdale Rd. and Thomas - large box of diapers was strewn about the intersection, Scottsdale Rd. and First St. - broken glass in the crosswalk and the intersection at 68th St., north Indian School - palm fronds in the road.
- Continue to work with the city inspectors on numerous construction sites issues to eliminate hazards caused by contractors (i.e. dump trucks dropping dirt in the road, running over/braking city irrigation lines and lost/damage informational signage).
- 8338 E. Lewis – A Solid Waste program representative noticed that the resident had covered a large portion of the alley with gravel he had removed from his backyard. The representative spoke to the homeowner and explained that he had changed the grade of the alley with his gravel and ruined the dust prevention treatment of crushed asphalt. The homeowner was given an alley construction debris cleanup notice and 72 hours to have the alley restored back to its original state.

BEFORE

AFTER

Partnerships & Connections

- 2600 block of N. Pima Rd. – City Code Enforcement staff and County volunteers finished removing unwanted debris from the rear yard of this resident's home. Three truck loads of loose debris or approximately twenty bags were removed. One large brush pile was left for Solid Waste collection. In addition, the owner's outside water faucet was repaired to allow continual foliage maintenance, citrus trees were tied and staked and the resident was encouraged to look into the housing rehab program for possible additional assistance.

BEFORE

AFTER

- 6500 block of E. 2nd St. - A Solid Waste program representative received a call from the resident concerned about landscapers working at her next-door neighbors house. The resident stated that the workers were dumping yard waste in the alley refuse container and she was afraid she would not have room for her household garbage. The city representative contacted the workers to have them remove the yard waste from the container and to let them know how to properly dispose of the material next time.
